

WEAPON RETENTION

This course is designed to give the student the mindset to be in the moment and to use the environment to prevail in a combative situation. Due to the nature of the conflict and other variables, there is no "one answer" to every situation. Weapons Retention is designed to give the student the mindset to retain their weapon in a confrontation using leverage (not brute strength). This will help the student learn the right reaction to a given combative situation.

TOPICS INCLUDE:

 - Retention Check
- **How to Weapon Check**
 - Showing multiple ways to deal with weapon retention and deployment in a standing grappling situation.
